INTERIOR ARCHITECTURE

OC.EDU

OKLAHOMA CHRISTIAN UNIVERSITY

DESIGN WITH PURPOSE

An Interior Architecture degree from Oklahoma Christian University prepares you to transform ideas into spaces that are functional, beautiful and responsive to human needs. You'll explore space planning, architectural drawing, materials, lighting, construction and project management while developing solutions that consider accessibility, sustainability, safety and the client's vision. With experienced faculty, hands-on studio learning and a Christian worldview that values creativity, integrity and service, you'll graduate ready to make a meaningful impact through residential, commercial and specialty design.

GRADUATES OF THE INTERIOR ARCHITECTURE PROGRAM

- Design with Purpose - Create beautiful, functional spaces that improve everyday life.
- Solve Design Challenges - Use creativity and critical thinking to develop thoughtful solutions.
- Design for Clients - Create spaces that meet the needs of diverse clients and communities.
- Master Industry Tools - Build skills in space planning, construction documents and design technology.
- Bring Ideas to Life - Select materials, furniture, lighting and finishes that support your design vision.
- Communicate Like a Professional - Present your ideas with confidence through drawings, technology and collaboration.
- Lead with Integrity - Design with professionalism, ethical responsibility and a commitment to serving others.

"I am incredibly grateful for my time at OC and the Interior Architecture program. The program helped me develop my skills in Interior Architecture while preparing me for the many stages of my career so far. I am especially grateful for the relationships I made and the professional guidance given from my professors during my time of study!"

WHY OC? WHY OKC?

At OC, Interior Architecture students receive a Christ-centered education, personal faculty mentorship and hands-on studio experiences that prepare them to design spaces. You'll build professional skills in space planning, construction documents, building systems and client communication through collaborative projects and real-world design experiences. Located just 10 minutes from downtown Oklahoma City, our campus connects you with architecture and design firms where you can complete your required internship and begin building your professional network.
