The 44th Annual Oklahoma AIAA/ASME Symposium will be held on Saturday, April 11, 2026, at the Prince Engineering Center at Oklahoma Christian University. The purpose of the symposium is to encourage communication among engineers from Oklahoma universities and industries. You are invited to participate by helping organize a session, chairing a session, presenting a paper, and/or attending presentations to listen to and discuss the papers with the authors.

The symposium provides a great opportunity for students to attend and present papers. The registration fee is \$10. The symposium will feature parallel morning technical sessions and will conclude after a luncheon with an invited speaker. Registration will open at 8:00 a.m., and the program will begin at 9:00 a.m.

A one-page abstract must be submitted by March 30, 2026, to be included in the meeting program and the symposium proceedings. Presentations will be 15 minutes (12-minute presentation and 3 minutes for questions and transition). This is a sample format for an abstract. The abstract should be submitted in 12-point, single-spaced Times New Roman with right- and left-justified margins. The lines are to be 6 inches long, with 1.25-inch right and left margins and 1-inch top and bottom margins. The abstract can be no longer than one page. The title is centered in 12-point, all-caps, single-spaced, bold Times New Roman. Acknowledgments may be indicated in a footnote. Leave two lines between the title and the authors. The names, address, phone, and e-mail address are centered in 12-point, single-spaced Times New Roman. Please indicate membership in AIAA and/or ASME with a footnote. Professional titles are not required. Leave two lines between the author information and the text.

* This work has been supported by Generous, Inc.

** Member, AIAA and/or ASME

Registration:

To register, even if you are not presenting, please use the following link:

<https://oklahomachristian.wufoo.com/forms/aiaaasme-symposium-registration/>

Abstract Submission Deadline: Monday, March 30, 2026.

General Registration Deadline: Sunday, April 5, 2026, at 5:00 p.m.

Submittal Information:

E-mail abstract as an attachment to Dr. Kevin Plumlee (kevin.plumlee@oc.edu) with “AIAA/ASME ABSTRACT” in the subject line. Please use an author name in the abstract file name, such as “Smith-Abstract.doc.”
